

# Impact Report 2024

AGING  
RESOURCES  
*of Douglas County*

## Mission

To empower older adults to age with independence!

## Key Impact Metrics

Volunteer Hours	Trips Provided	Help at home	Incoming Phone calls
8000+	Over 9000	Over 1400	12,000+

## The stories behind the numbers

### Volunteers are the foundation

From friendly drivers to yard clean-up crews, volunteers brought energy, compassion, and countless hours of service to our clients' doorsteps.

**"I'm grateful to this organization for giving my life more meaning."**

— Melissa, Volunteer

### Getting clients where they need and want to be

Our transportation services got older adults to essential appointments and quality-of-life destinations—everything from the doctor's office to the hair salon to volunteer shifts.

**"Dear Aging Resources, thank you so much for all that you do for me—transporting me around town, specifically to doctors' offices, loaning me equipment such as walkers and bath chairs, and mostly being there for me with friendly smiles and tons of caring love."**

— Sandy, ARDC Client

### Help at Home

The Help at Home program interactions offered meaningful support through companionship, chore assistance and meal delivery.

**I really want to let you know how much better I feel by at least getting one balanced meal every day. It's really made a**

**big difference for me, so thank you very much.**

Joyce, ARDC Client

### Resource call center

We provided personalized support, resources, and information to thousands of older adults, caregivers, and community members seeking guidance and reassurance.

**"Every day when I think about the challenges I'm dealing with, I think about what you all are doing for me, and I feel really grateful. What you have done for me and are doing for me makes a big difference and is really critical, and I want you and everyone there to know that your efforts are appreciated."**

Gary, ARDC Client
